

# Use Reports

An Integral Part of the Annual  
Outfitter Renewal

# Overview

An outfitter license is a publicly issued license enabling the holder to provide outfitted and guided services to the public. It is important to recognize that these reports meet two intended purposes as outlined in State law. 1) they provide the Board use information whether an outfitter is providing activities to the public in their assigned operating areas as licensed by the Board (IDAPA rule 25.01.01.15.05b, .024 and .025) 2) they provide the IDFG information for resource management (Idaho Code - 36.2107.i.) To this end, outfitters are provided pre-printed "use report" forms that must be completed and submitted annually. Therefore, it is important that these "use report" forms are completed accurately. **"Use reports" are based on a January 1<sup>st</sup> to December 31<sup>st</sup> calendar year** (unlike the license year, which runs from April 1<sup>st</sup> to March 31<sup>st</sup>).

**The "Use Report" forms must be submitted with an outfitter's off-line license renewal form or with the receipt generated from an on-line license renewal.** Please be sure that all the pages of your "use reports", **even the ones without use**, are included with the submittal of your license renewal application. Pages not provided or spaces left blank will result in as zero (0) use recorded for the year.

## DEFINITIONS

**Client** - An individual person provided equipment, facilities, services or other accommodations by an outfitter or an outfitter's employees (guides) in the conduct of outdoor recreational activities as described in Section 36-2102(b), Idaho Code.

**Use Day** - A use day is total use by one client in a 24 hour period. For example if you have 2 (two) clients (guests) and they fish with you 3 (three) days each, this is 6 (six) total "use days". Your client participating in any licensed activity during a day, it is considered a "use" day.

For Sheep, Moose and Goat use Form R-6

\* Predators: are coyotes, foxes, bobcats \*\* Pheasant & Quail provided via a shooting preserve permitted by IDFG and licensed by the IOGLB.

\*\*\* Use provided by another outfitter in this operating area as authorized by the Clearwater / Nez Perce, Bitterroot National Forest Bear / Cougar / Wolf Overlap Policy

**R-3 - Hunting Activity Reported by Licensed Area** - This form requests the total number of resident and non-resident hunters, use days, and harvest for each of your licensed operating areas. Please identify each licensed operating area number in the space that says "Area #".

If you had 1 resident elk hunter and 2 non-resident elk hunters in Area #1 and they each hunted for 5 days, that would be a total of 15 use days in Area #1.

If the hunter hunts from Area #1 to Area #2, the hunter needs to be counted in both areas.

**R-4 Hunting Activity Reported by IDFG Unit** - This form requests the total number of resident and non-resident hunters, use days, and harvest by IDFG unit. Please identify the IDFG unit for each area in which a hunt was provided. In the "Hunt Type" column, provide controlled hunt number if applicable" otherwise indicate a general hunt by providing an X in the appropriate box. Complete remaining form.

If you had 1 elk hunter in unit 5, and the hunter had a general tag, you would put an X in the General Hunt column. If the hunter had a controlled elk tag for 2139, you would put 2139 in the Controlled Hunt # column. If you had a hunter with a Super Hunt tag, the hunter would be counted all sections for the hunts he/she has. If the hunter hunts from unit 5 to unit 6, the hunter needs to be counted in both units.

**R-5 - Total Hunting Clients by IDFG Unit(s) by Time of Year** - Elk and Deer Hunts are broken down by species, IDFG unit and by the weeks for the months of September, October, November and December. Please identify the IDFG Unit in the column that is titled "IDFG Unit". Enter the number of hunting clients by month and week.

These numbers are for IDFG. If you bring hunters to camp a few days early, make sure they are counted during the actual hunt season. If your hunter is there for all of October, count your hunter in all 5 weeks. If 3 hunters hunted in October from the 12<sup>th</sup> to the 17<sup>th</sup>, they would be counted in the second and third weeks of October.

**R-6 - Controlled Hunt Trophy Species (Sheep/Moose/Goat) Reported by IDFG Unit** – This is applicable only to those clients provided services under IDAPA rule 25.01.01.053 for “Trophy Species” i.e., Sheep, Moose, and Goat. Please identify species, controlled hunt number, F&G Unit; check whether it is in one of your licensed areas, another outfitter’s area, or a non-outfitted area. Identify clients’ gender, e.g. male or female, provide total hunters, and total harvest in the spaces provided.

\*\* Licensed to float boat outfitters only

**R-8 - Boating / Non-Fishing Activity Reported by Licensed Area** - This form requests the total number "use days" of clients participating in a boating related activity such as float boat or power boat tours where fishing is not conducted or is not a licensed activity to the outfitter, for example, a whitewater excursion or a power boat tour. Please identify your operating area number where it says Area #", and river section where it says River / Section.

If you took 3 boats in a month, and each boat had 2 clients, that would be 6 use days for that month. If the trips were 4 days long, that would be 24 use days for that month.

These forms request the total number of "use days" of clients participating in a boating related activity such as float boating or power boating where general fishing, and salmon or steelhead fishing opportunities are provided. Please identify your operating area number where it says Area #", and river section where it says River / Section.

***General fishing*** = any fishing excursion except salmon or steelhead fishing. Harvest reporting is not required.

***Salmon or steelhead fishing*** = a salmon/steelhead fishing excursion.

***Harvest*** = Please provide the total number of **salmon or steelhead that is harvested** (kept in possession).

***Chukar*** = Chukar hunting provided as part of a boating/fishing (cast and blast) excursion.

*A client participating in a fishing activity should be recorded only once in one of the three fishing categories as the primary activity. The same client also hunting chukar would be reported again as an incidental activity.*
