

MINUTES OF MEETING
STATE OF IDAHO
OUTFITTERS AND GUIDES LICENSE BOARD
Monday, August 20, 1962
Hotel Boise

In accordance with the minutes of the prior meeting, this meeting began with a luncheon with the Board acting as host. Present were Mr. John R. Woodworth, Director of Fish and Game; Kliess Brown, Chief, Education and Information, Department of Fish and Game; Paul Filer, President of the State of Idaho Outfitters and Guides Association and all Board members.

The conversation during luncheon centered primarily on the Board's representation in Seattle and the paper given relative to its title, "The Part Outfitters and Guides Play in Wildlife Management". Mr. Woodworth also discussed the merits of wildlife associations, etc.

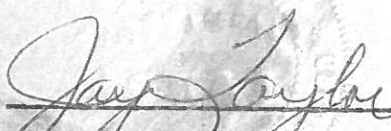

Following luncheon the Board adjourned to the Studio Room for their business meeting, and all members were present. Routine business was taken care of relative to applications on file and directives were given for handling questionable ones.

John Gillihan had been requested to appear at this meeting relative to complaints filed against him. He did so at the prescribed time. The Board detailed the complaints against him. For his comment he replied with his side of each and every one of them. Members of the Board stressed different points of cooperativeness and neighborliness with him. He agreed with all of them and stated his willingness to abide by the same.

Having learned of this meeting, Mr. Norman Adkins, who had recently purchased the operation of Al Book, came before the Board to, as he put it, "have everything in mind" before he went further. Policy, procedures, rules and regulations of the Board were gone over with Adkins, as well as the Law being reviewed for his benefit.

With all Board members' personal operations in full swing, the next meeting was left open to be arranged by at least two of the members as to time and place. With McCurdy having a full schedule, he was concerned about his ability to attend and wanted the other two members to meet and carry on with the regular and new business if he was unable to attend. (subsequent letter of this desire is filed with the Board by McCurdy)

The meeting was adjourned at 5:45.

Jay Taylor, Chairman

Al Tice, Member

Tillman McCurdy, Member
