

OUTFITTERS AND GUIDES BOARD MEETING

Boise, Idaho

October 10, 1974

The meeting was called to take care of routine business. Members present were James F. Baughman and R. J. Holmes. Since there was not a quorum, no official business could be transacted.

Correspondence was reviewed.

Applications were reviewed and approved or denied by the two members present with no final action to be taken until a majority of the board concurs.

Robert M. Featherstone and Charles Willmore appeared with their attorney, James C. Herndon, to discuss their applications for outfitter licenses.

Featherstone wants his outfitter license renewed and he will operate it with Mark Burk as guide.

Willmore had purchased NezPerce Outfitters' operation provided he could get the outfitter license. It would be separate from Salmon River Properties, Inc. Twin Peaks River operation for which he is managing agent. He was advised to submit a list of stock and equipment and furnish a bond.

The meeting adjourned at 5:50 p.m.

James F. Baughman

Eric Merritt, Secretary
