

OUTFITTERS AND GUIDES BOARD

Boise, Idaho

May 21, 1980

The following members of the board convened at 10:00 a.m., on Wednesday, May 21, 1980 in the board's meeting room: Rex Lanham, Jim Baughman and Ivol Sies. A letter, as requested by the Board, was reviewed, prior to being dispatched to enforcement officer, Mike Wilkins.

The letter was drafted by the Board's attorney but the attorney advised he would be hesitant to proceed in this manner, as there were some factors against it to be considered.

After discussion on the subject, Chairman Lanham had a business luncheon with Attorney Hurlbutt, and when the Board reconvened at 1:30 p.m., it was determined to table the letter until such time as the full Board could discuss this further.

When Chairman Lanham returned, he also brought back a copy of the Brief to be filed in the federal court in San Francisco, on the Grand Canyon Dorries case against the state on river license jurisdiction.

The meeting adjourned at 2:00 p.m., following telephone contact with board member Bill Guth, and an incomplected contact with board member Eldon Handy.
